

MOLDED TO PERFECTION

Spero eco-wise moldings and boards by **Moulding & Millwork** are made from 100% pre-consumer recycled wood fiber harvested from SFI-certified forests. An environmentally friendly alternative to MDF moldings and boards, Spero is made with cutting-edge resin technology that contains no urea-formaldehyde and may qualify for LEED credits for its low-emitting material under EQ 4.4 and for its recycled content under MR 4.1 and 4.2. Visit www.mouldingandmillwork.com or Circle **462**

NO NEED TO RSVP

The new RSVP Bath Suite from **Brizo** includes faucets, shower systems and accessories. Faucet tops offer a choice of decorative metal, glass or crystal finials. Roman tub faucet and accessories are also available. Visit www.brizo.com or Circle **461**

SOAKING IN GRANITE

Carved from a single block of black granite, **Stone Forest's** new Oval Soaking Tub can be custom crafted to individual requirements. As a nonabsorbent material, the granite piece resists most stains, requires minimal maintenance and retains its luster over time. Visit www.stoneforest.com or Circle **460**

Also available as a sconce

HIP TO BE SQUARE

The classic design of the Cube Chandelier from **Rocky Mountain Hardware** is clean, angular and modern. It makes a statement while being minimalist in nature. Shown in silicon bronze with a dark patina and corrugated glass, the fixture requires four type-B incandescent or compact-fluorescent bulbs with a 60-watt maximum. The chandelier includes 10 ft. of cable and the E403 5.5-in. square-ceiling escutcheon. Pendants and wall sconces complement the look. Visit www.rockymountainhardware.com or Circle **459**
